Willcox
Unified School District #13
November 5, 2019 Special Election
Bond Issue
FACT SHEET

Willcox Unified School District No. 13 of Cochise County, Arizona (the "District"), will hold a special bond election on Tuesday, November 5, 2019 to finance capital improvements throughout the district in the amount of \$17,575,000.

What will bond funds be used for?

A capital survey was conducted by an independent architectural firm resulting in over \$35,000,000 in capital improvements needed across the district. These improvements include many student and staff safety and security improvements, urgent facility maintenance issues such as sewer and roof issues and land and building improvements such as athletic facilities at the high school and improvement to sites at the elementary and middle school. A bond fund committee will be formed comprised of school board members, school staff and community members to make decisions on improvement projects based on the independent report, school site need and urgency and public opinion. If you would like to be part of the committee, please contact the school district office at 520-384-8600.

Some potential projects recommended by the architectural firm include:

- Replace out dated fire alarm systems
- Replace aged boiler storage tanks and valves
- Repair or replace failing sewer systems
- Install security camera systems
- Replace doors and windows at elementary and middle schools
- Finish fencing campus and other security measures
- Repair or replace existing well and irrigation systems
- Various roofing projects
- Replace carpet and tile in many locations
- Improve many restroom facilities and bring to standards
- Replace aged or nonworking cafeteria equipment
- Repair or replace parking lots
- Replace playground equipment
- Replace high school track and football field
- Build an activity room at the elementary school
- Other extra-curricular facility improvements

A full list of projects is available for review at the district office.
